## WORKING EXPERIENCE

**ShaQ Express** – Haatso, Accra

**Oct 2022 – Present**

### Front-end Web Developer

- Collaborated with other developers to build ShaQ Express' website which increased clients' click rate.
- Integrated advanced SEO techniques to optimize the websites for higher search engine ranking.
- Integrated social sharing support for easy product and experience sharing on social media.
- Incorporated functional features, intuitive navigation, and advanced search capabilities into the sites which ensured a seamless and user-friendly browsing experience.

**Knowledge Hill School** – Santa Maria, Accra

**Mar 2017 – Aug 2019**

### Tutor

- Taught Junior High School students Maths, ICT and Science to improve their understanding of the subject.
- Helped over 50 students prepare for their internal and external exams which increased their pass rate by 50%.
- Organised weekend tutorial classes on the use of modern technologies such as Microsoft Office Word and Excel.

## PROJECTS AND RESEARCH

**ShaQ Pharmacy**, Accra

**2023**

### Developer

- Built the ShaQ Pharmacy site using open-source technologies such as Next.js, TypeScript, React Query, Zustand, React Hook Form.
- The pharmacy site provides easy navigation and access to prescribed drugs faster and quicker.

**Job Management System**, Accra

**2023**

### Developer

- Built a Job Management System using the MERN stack(MongoDB, Express.js, React.js, Node.js).
- The system helps you to keep track of individual job applications in one place.
